

SHREE RAMA

living green

Made from 100%
recycled paper

our **motto**

Shree Rama Newsprint Limited is a strong advocate of environmental sustainability. The company's motto 'living green' is manifested in its green operations. Shree Rama uses waste paper to make writing & printing paper and effluent treated water for all processes.

How does using recycled paper positively impact the environment?

Use of recycled paper saves resources and reduces the paper industry's impact on the planet. Using 100% recycled paper instead of 100% virgin fiber paper saves:

- 100% of the trees
- 31% of the energy
- 53% of the water
- Produces 39% less solid waste

about the **company**

Shree Rama Newsprint Limited (Shree Rama) is one of India's largest recycled based manufacturers of writing & printing paper and newsprint. Established in 1993, the company is listed on the Bombay Stock Exchange and National Stock Exchange.

The company has a state-of-the-art manufacturing plant with an installed capacity of producing more than 150000 MT writing & printing paper and newsprint per year.

The manufacturing plant of Shree Rama is spread over an area of 230 acres in Surat and is strategically located near the Hazira port in Gujarat and is 30 minutes from Mumbai by air.

mission

To establish Shree Rama as a leader in the recycled paper industry in terms of efficiency, productivity, sustainability and above all, customer satisfaction.

infrastructure

Shree Rama has one of the finest infrastructures for manufacturing paper in India and produces different grades of writing & printing paper. The company has state-of-the-art two paper making machines and two de-inking plants. It manufactures writing & printing paper and newsprint from imported and indigenous waste paper.

strategically located manufacturing plant

The location of the manufacturing plant in Surat makes it the ideal choice for clients looking at logistical benefits in addition to product edge in their operations.

- 20 kms from Hazira port
- 10 kms from Magdala port
- 320 kms from Nhava Sheva port
- 30 kms from Surat railway station
- 10 kms from Surat airport (domestic and international connectivity)
- Close proximity to the upcoming Delhi-Mumbai Dedicated Freight Corridor

Paper Making Machine

Shree Rama has two paper making machines which can produce writing & printing paper and newsprint. The collective manufacturing capacity of both the machines is more than 150000 MT per year of writing & printing paper and newsprint. Both the machines are fully automatic with ABB QCS and ABB DCS and have deckle of 5.3 metres and 6.3 metres respectively.

Paper Making Machine 1

Deckle of 5.3 metres | ABB QCS and DCS

Paper Making Machine 2

Deckle of 6.3 metres | ABB QCS and DCS

De-Inking Plants

Shree Rama has two fully automatic de-inking plants of international make. The machines are equipped with ABB DCS, which enable seamless operations and ensures the quality of output matches all the requisite benchmarks.

Finishing House

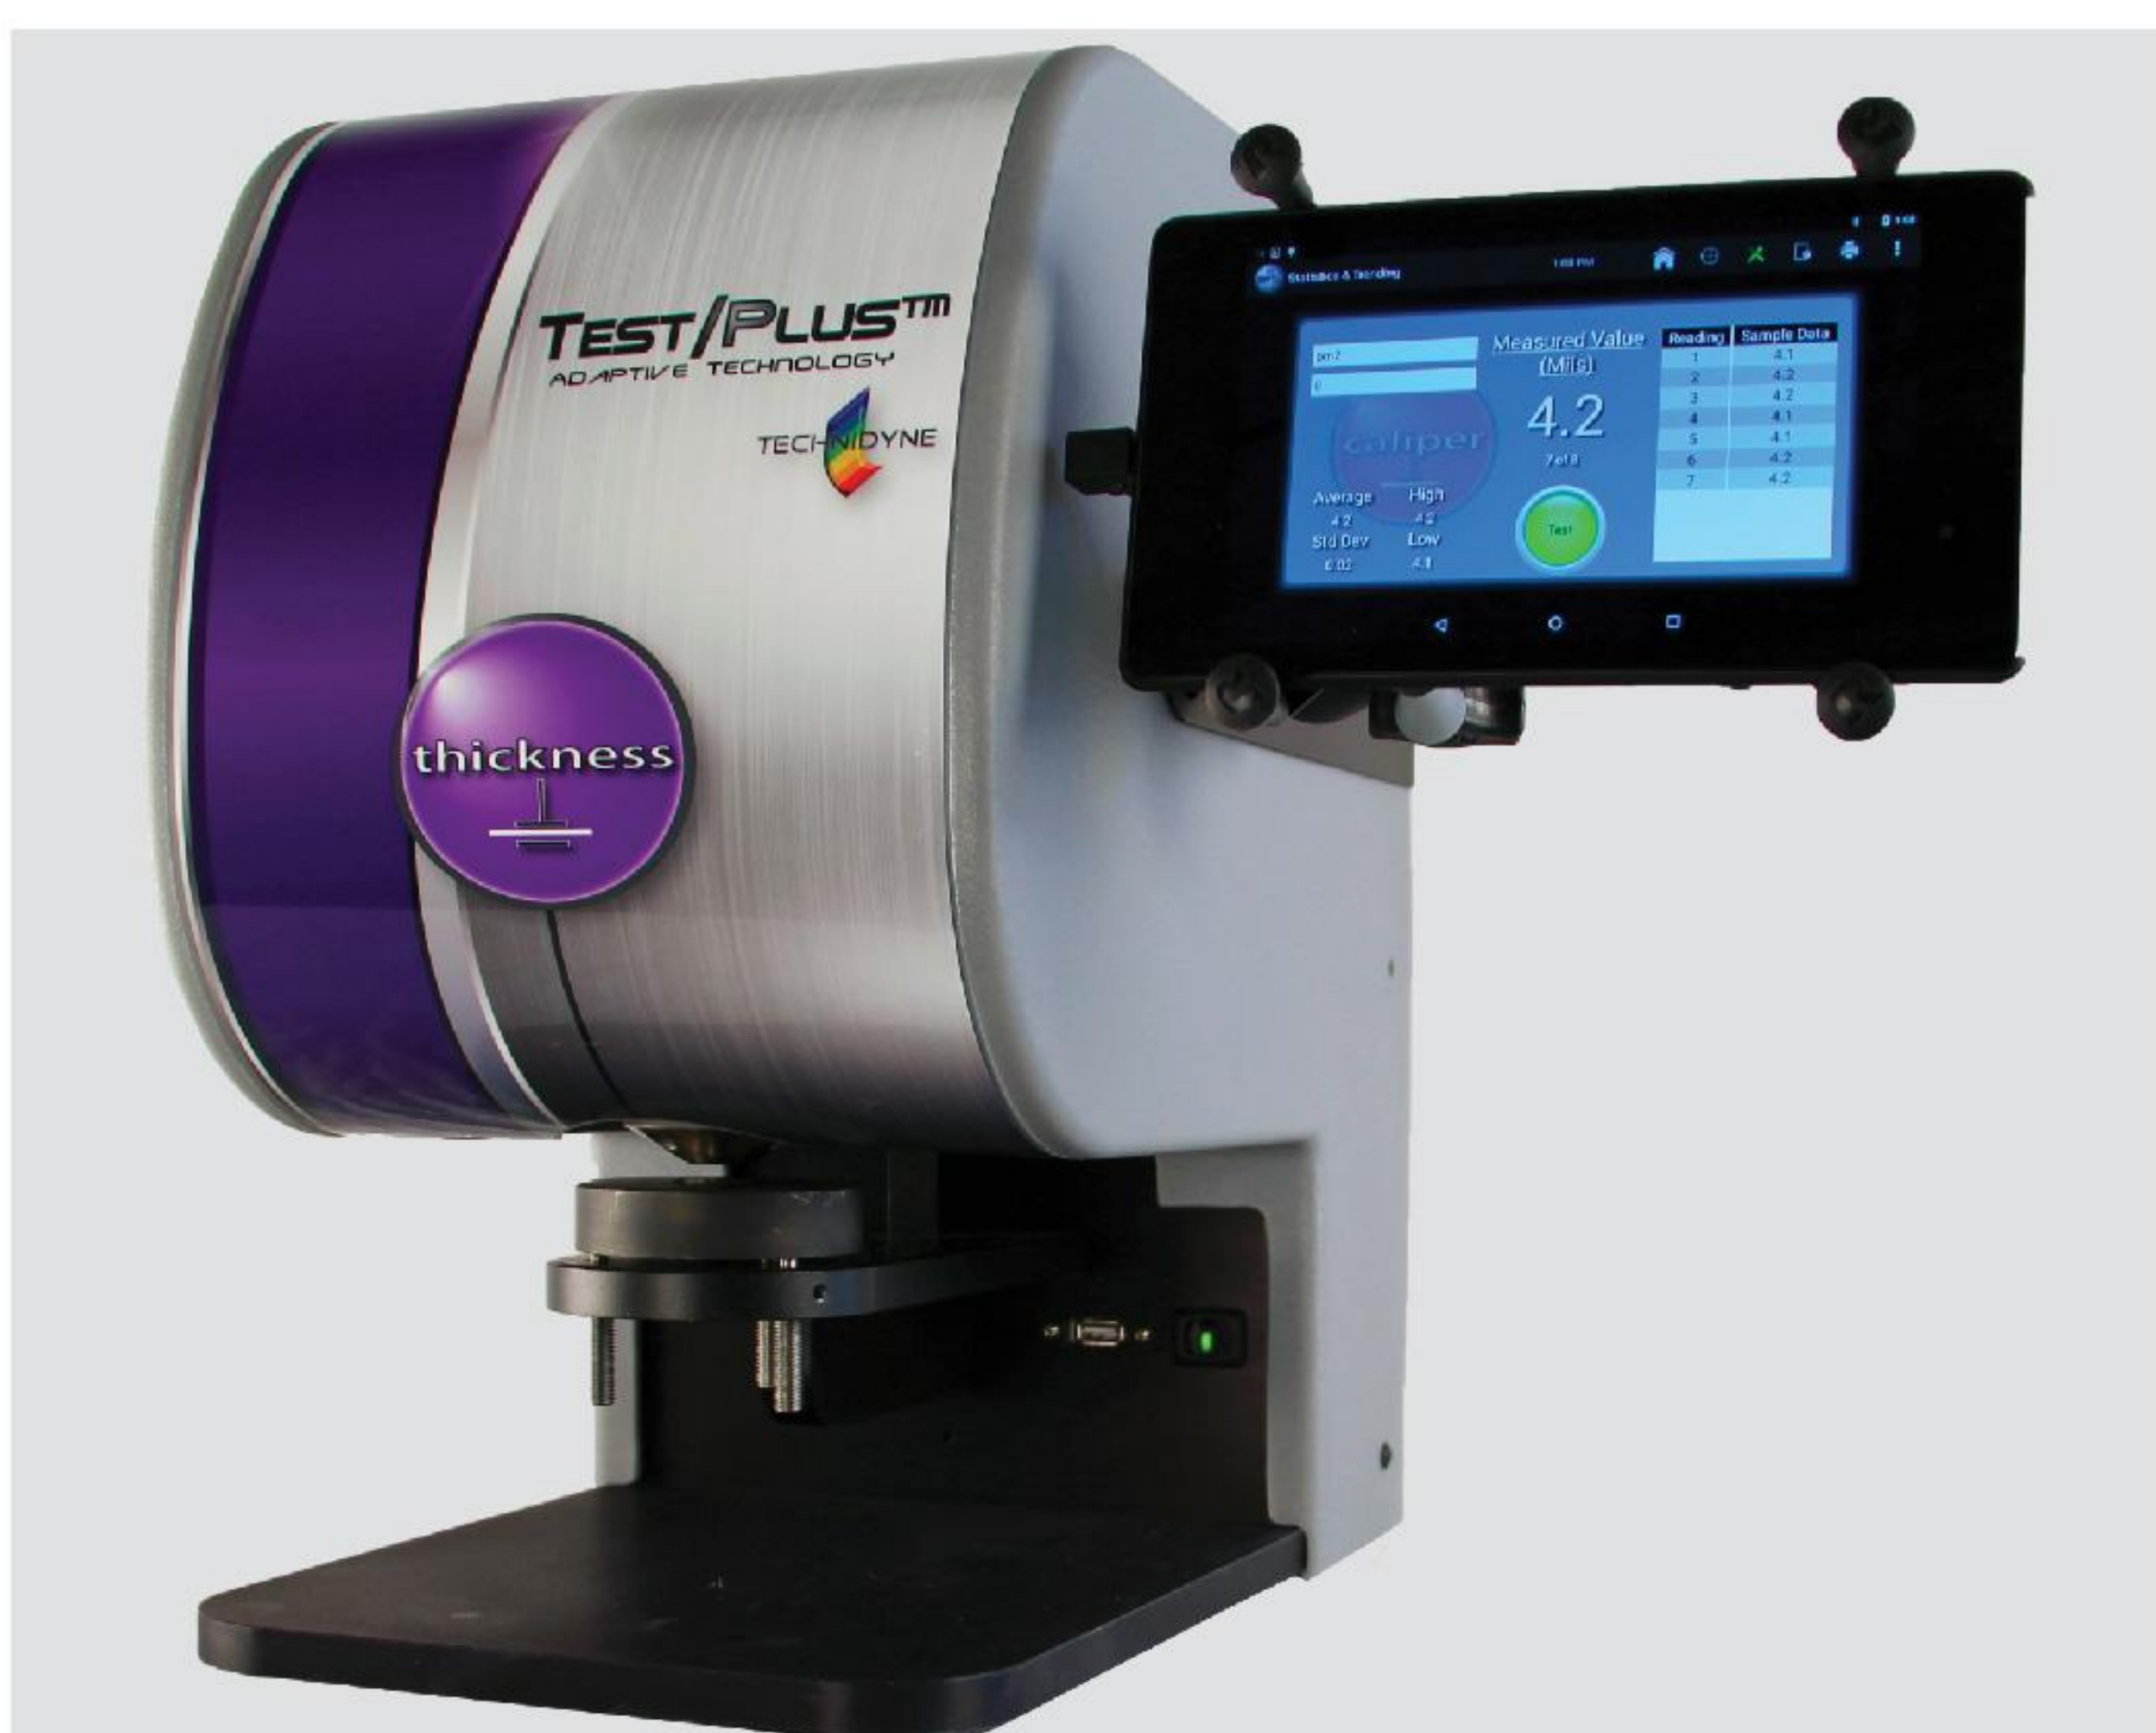

The finishing house has latest sheet cutting and reel wrapping equipment. The sheeting capacity is 100 tonnes per day. These machines help in effectively and efficiently delivering the end product as per the requirements of the client.

quality and **r&d**

Shree Rama has a fully-equipped quality and R&D facility and a highly qualified team. The company continually invests in developing and testing new products that meet customer requirements and also set new benchmarks in the market.

Raw Material

Raw material is the single most important ingredient in paper making and it is the starting point for the manufacturing of a green product. Shree Rama sources 210000 MT waste and recycled paper from across the world. The raw material is carefully sorted and further processed for de-inking and pulping.

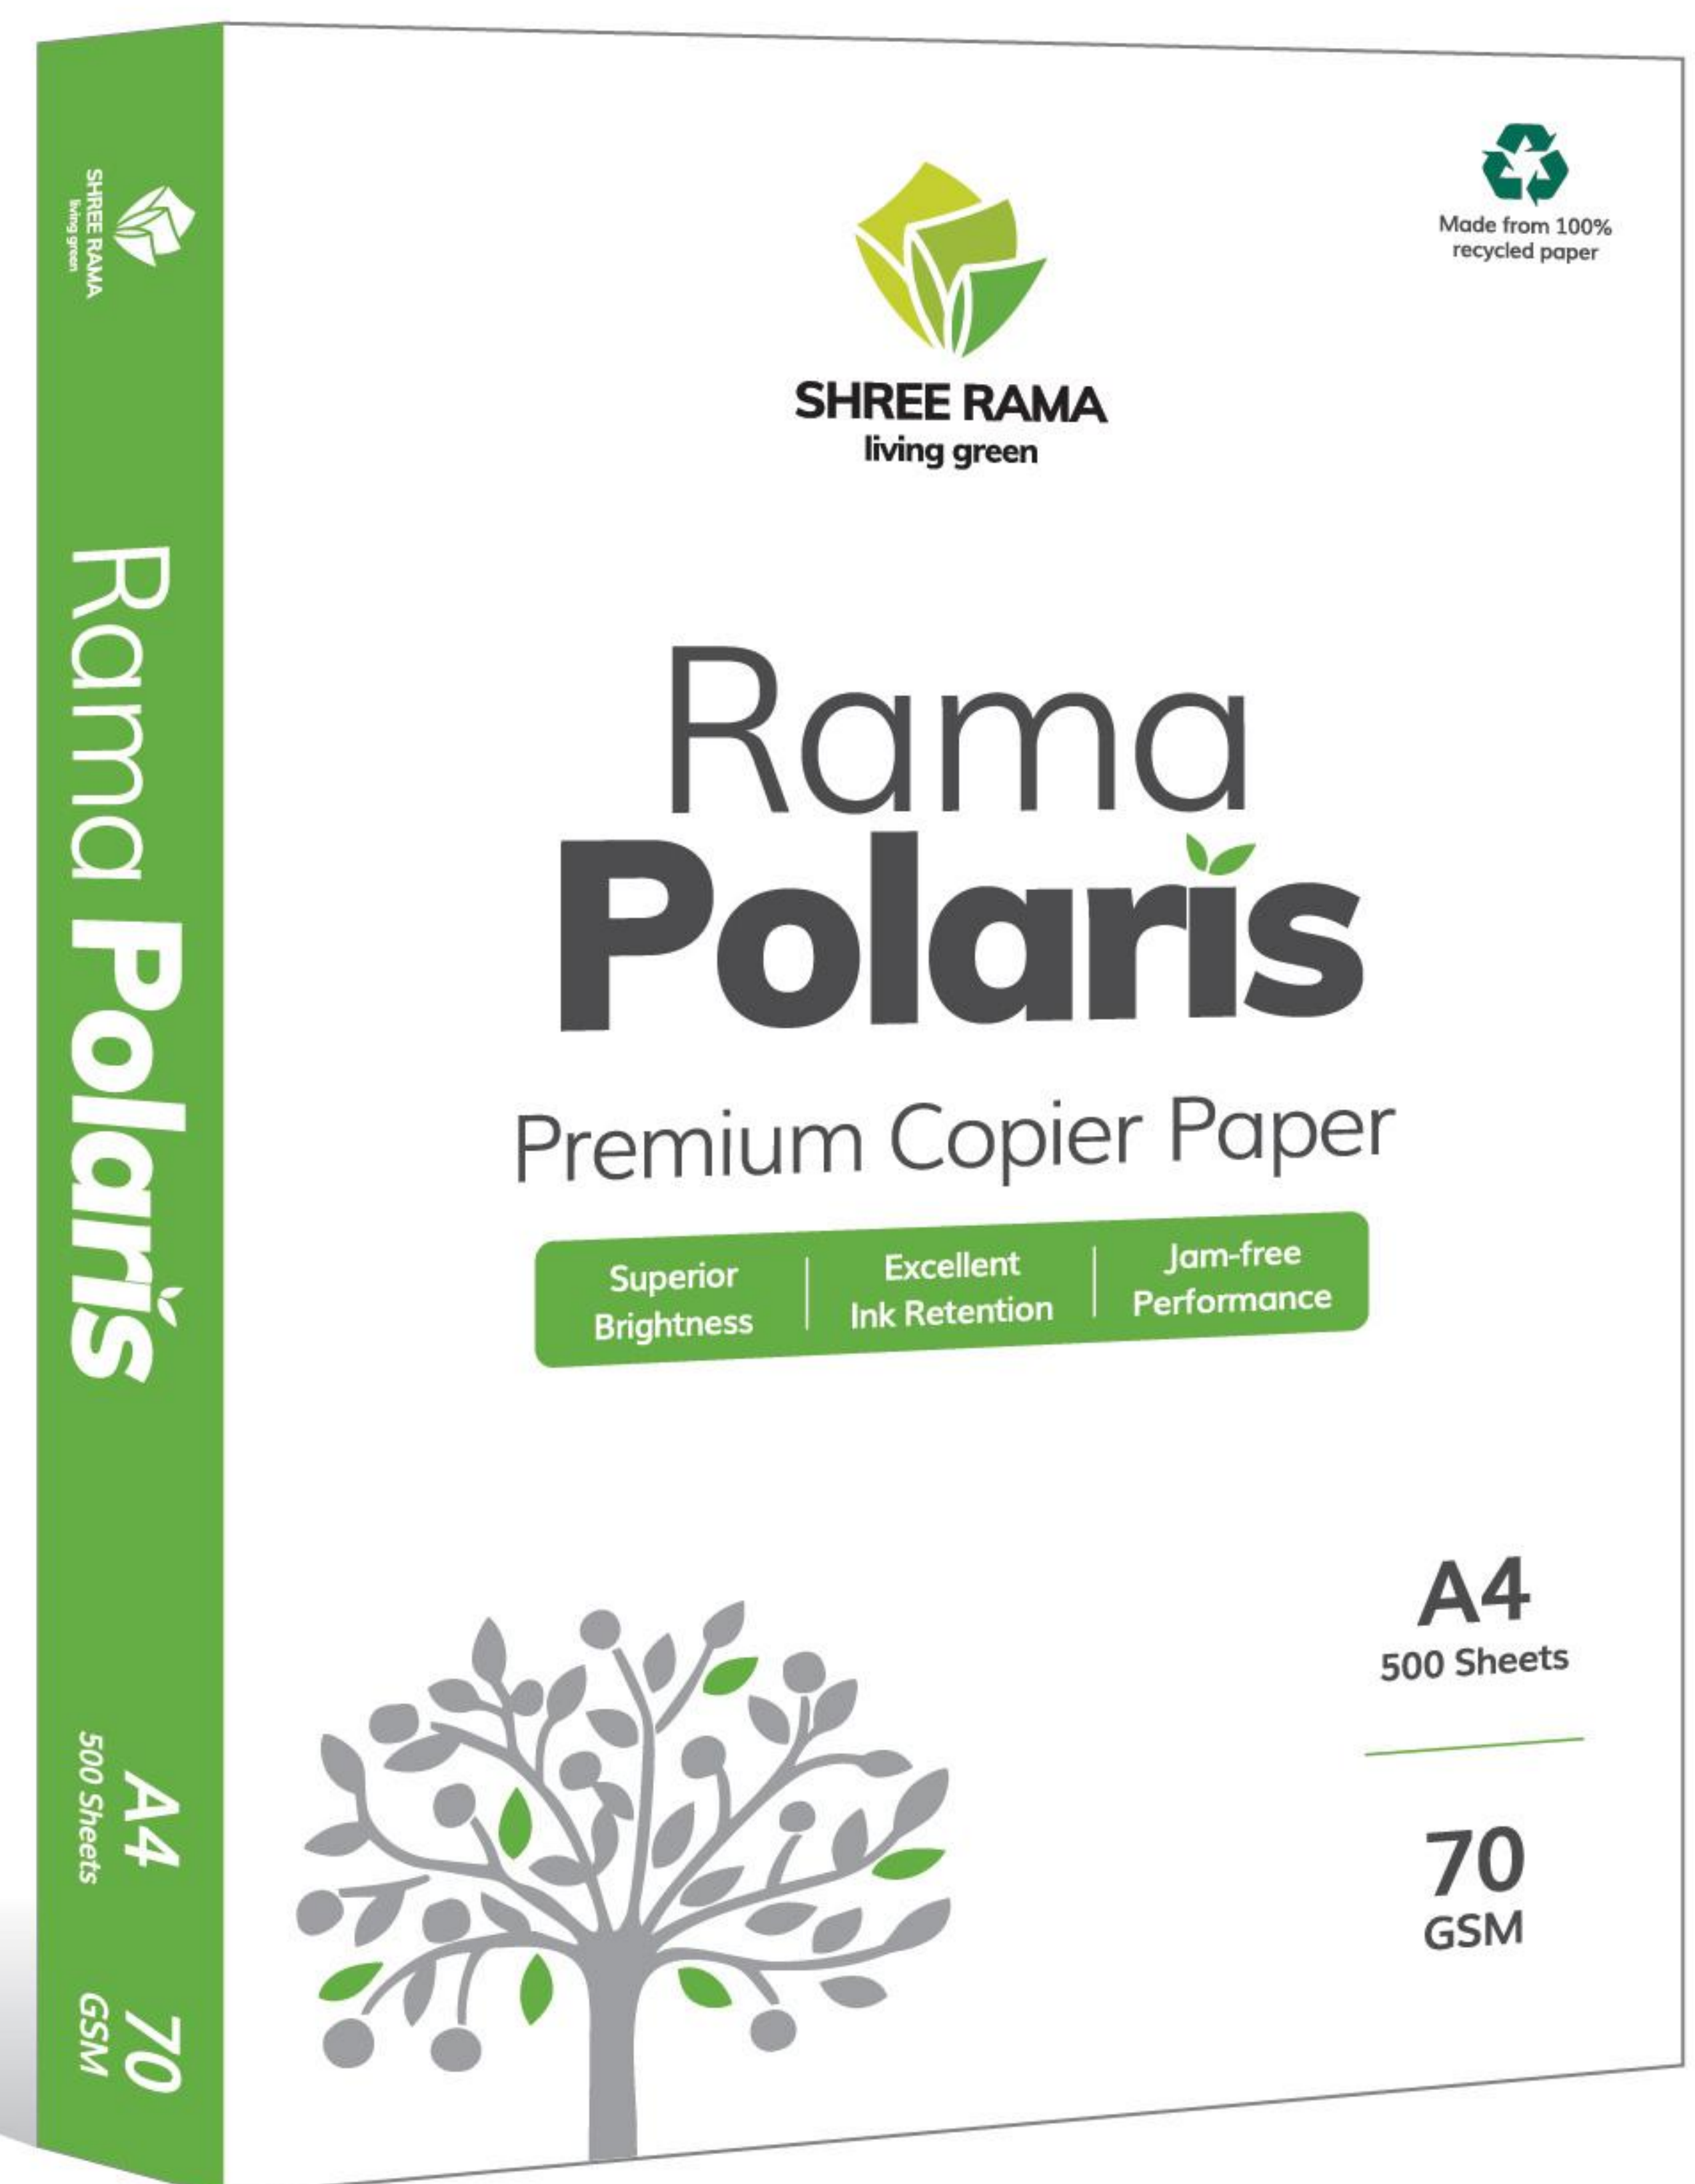

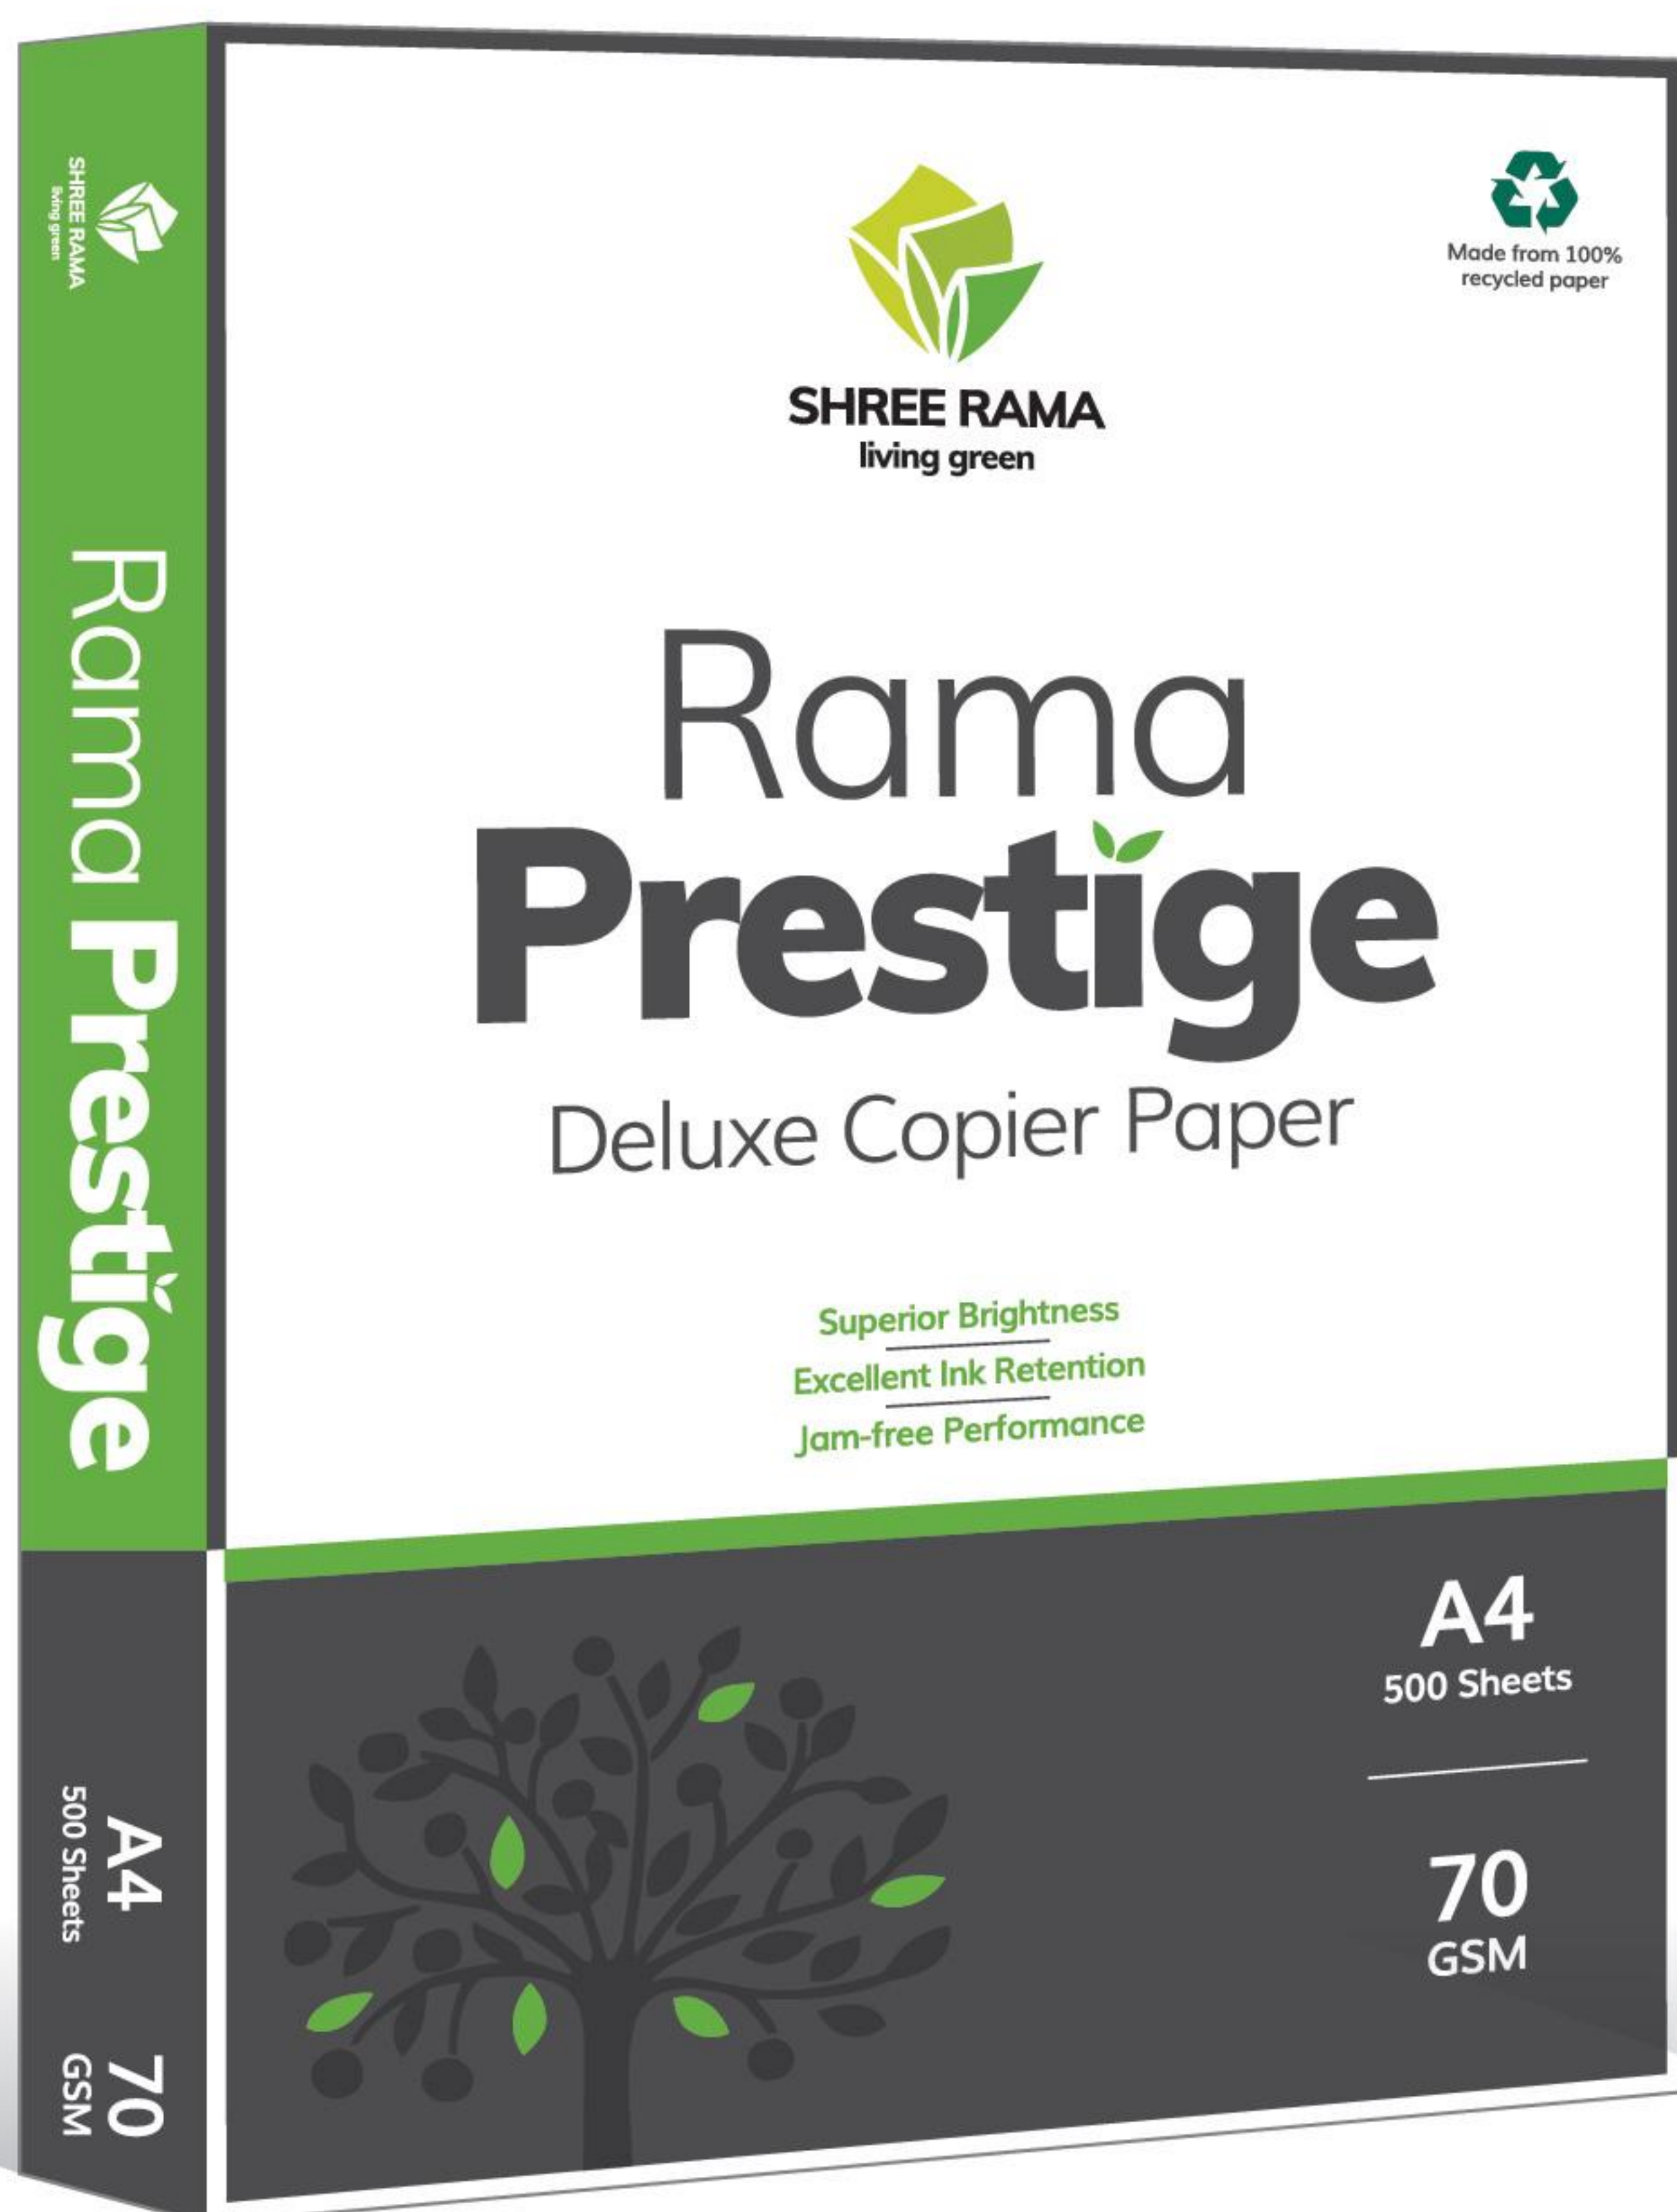

launching soon...

Shree Rama will soon launch photocopier paper products, Rama Prestige and Rama Polaris. These products will cater to the ever growing need for superior quality photocopier papers in different grades in India and across the world.

Rama Prestige and Rama Polaris will be made from 100% recycled fibre, reaffirming Shree Rama's commitment to 'living green'.

GSM - 70, 80, 90 | Size A4

- Fine quality product
- Perfect finish
- Smooth printing
- Superior printability and retention

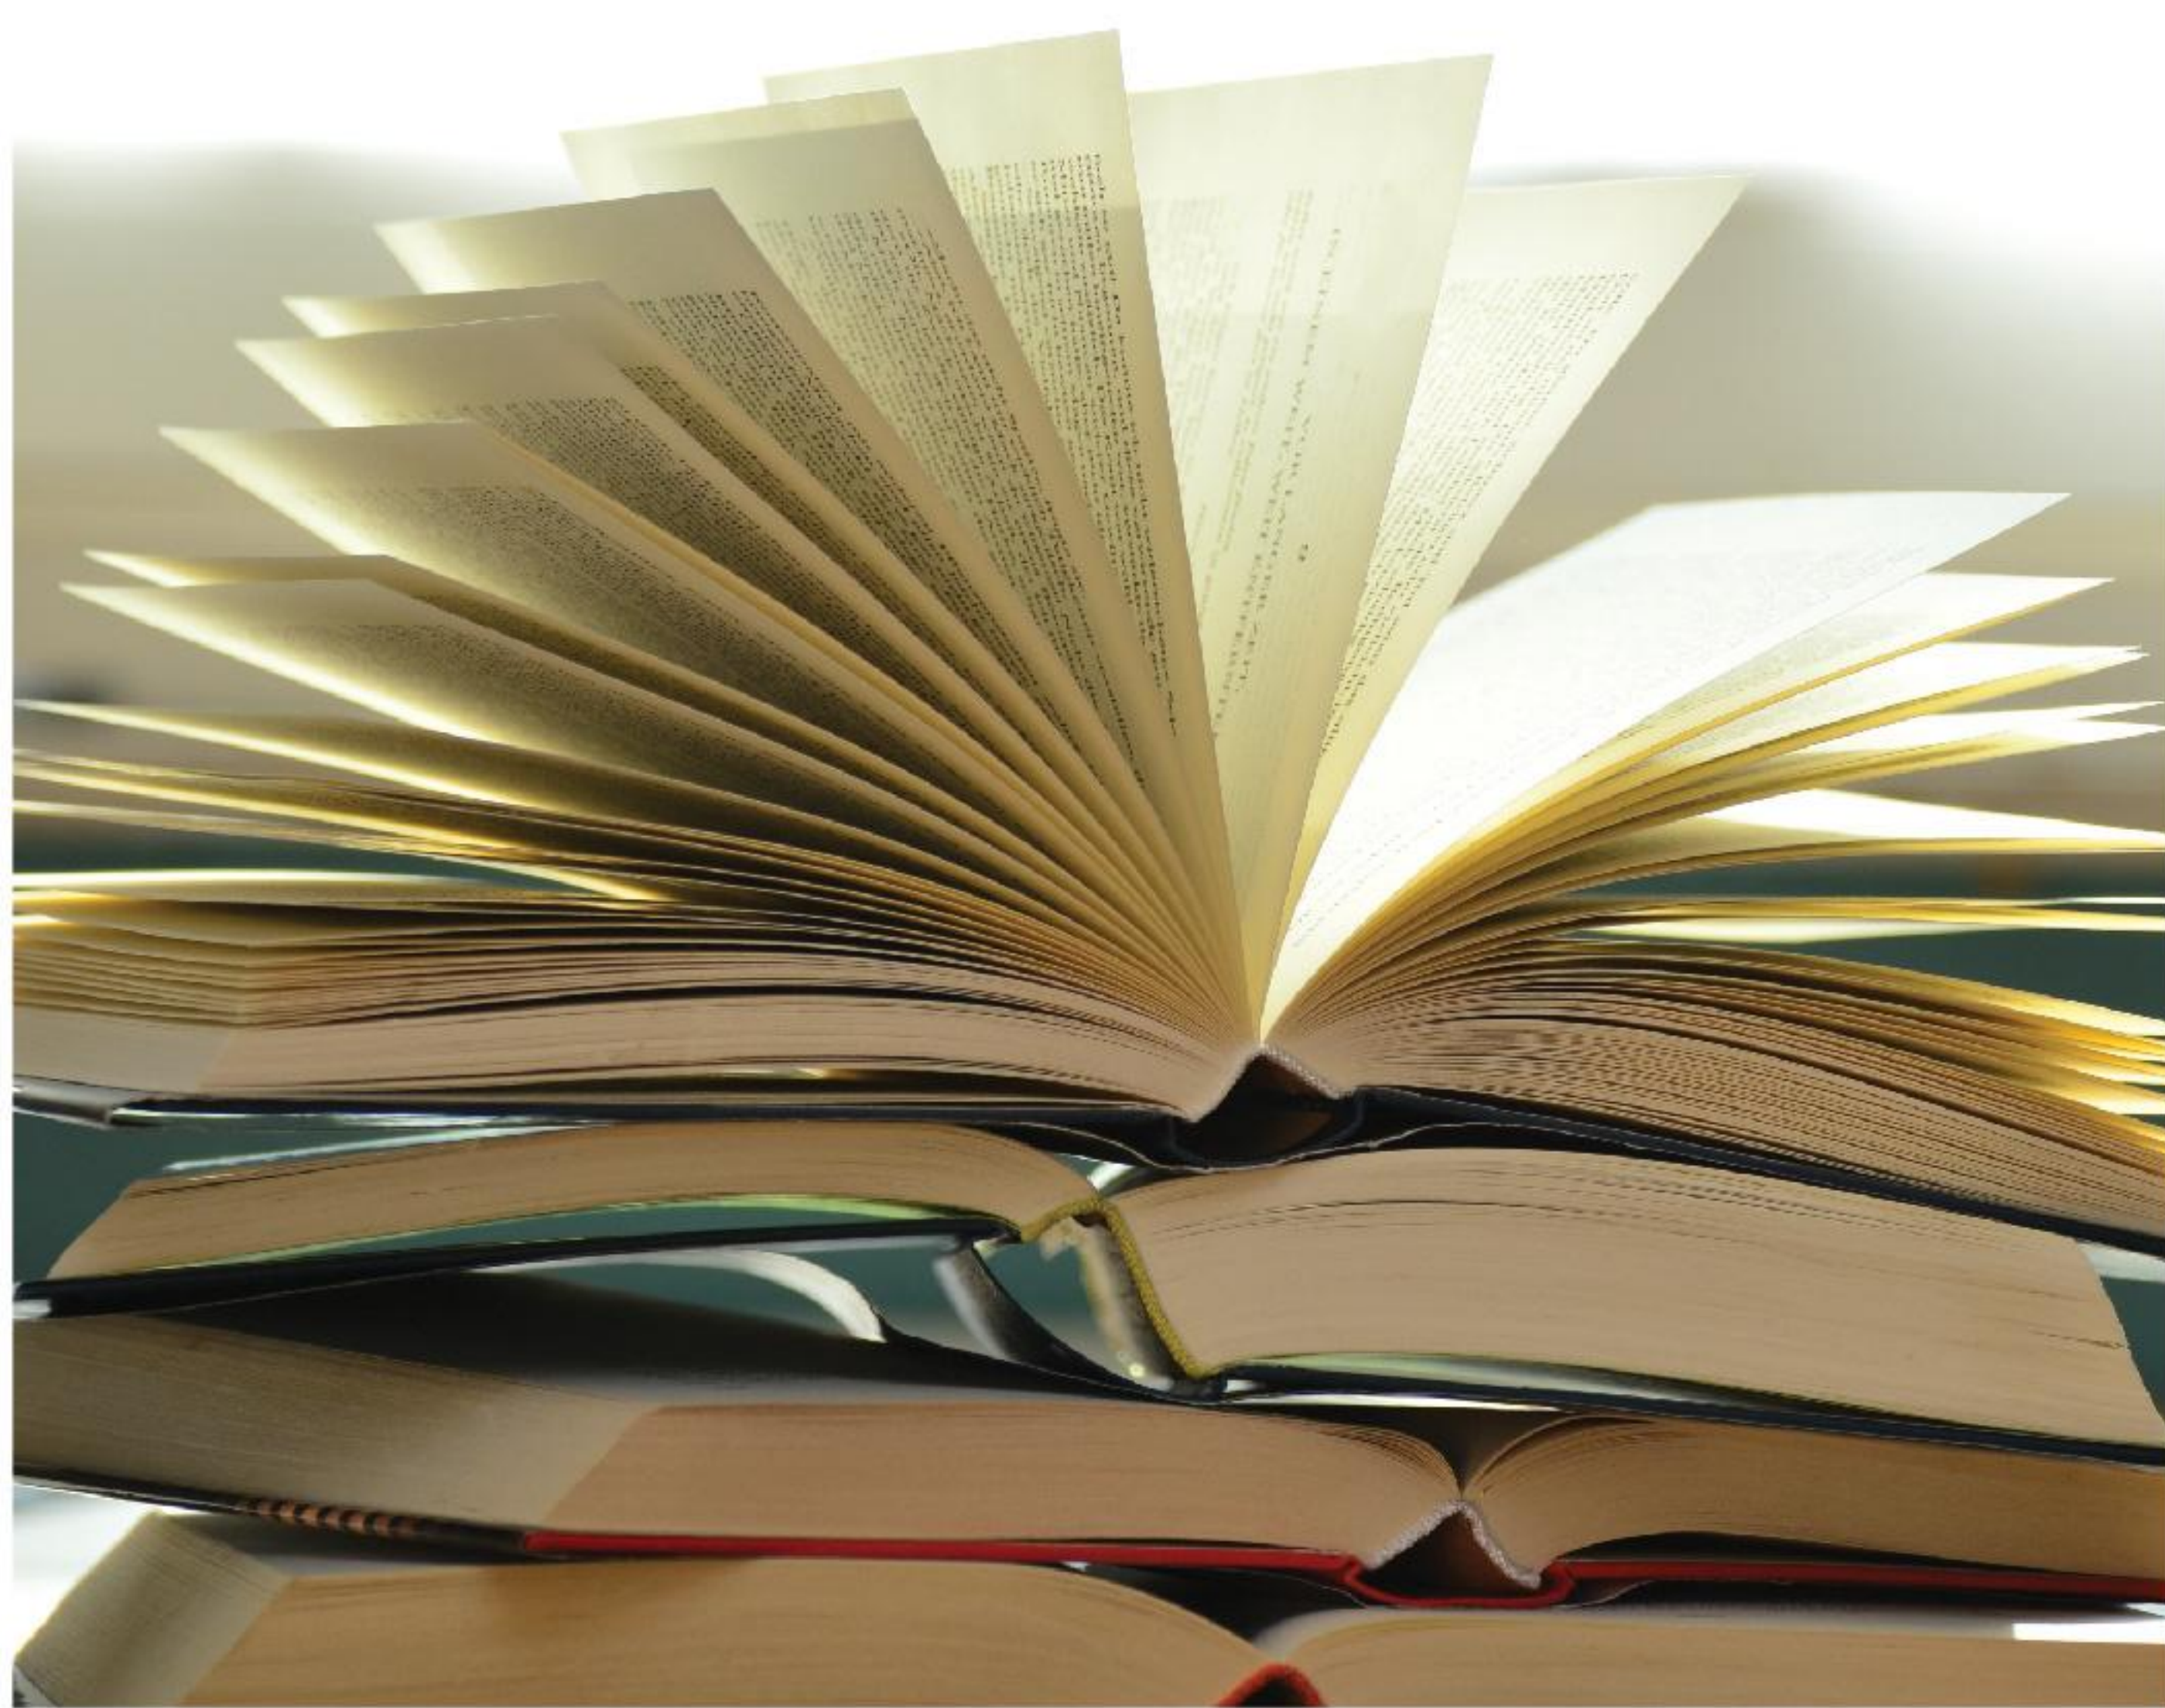

products

Writing & Printing Paper

Shree Rama manufactures different grades of writing & printing paper which is used in notebooks, printing paper, base paper by leading publication houses. The company has achieved customer satisfaction on various stringent parameters such as brightness, strength, opacity and printability.

The company has a growing export segment owing to the quality of its product and close proximity of the plant with major ports in India.

Brands

Shree Rama has four writing & printing paper brands and these are available in four types of brightness specifications and in various GSMs.
